

## SAN FRANCISCO BOYS' BAND WILL PLAY ON ECLIPSE TONIGHT

Club Has Paid Debt of Seven Thousand Dollars and Is Money Ahead.

To start from San Francisco with a debt of \$7,000, money borrowed to finance an extended trip East; to pay the money from the proceeds of its own endeavors, with the prospect of returning home with coffers well filled, is the achievement of the Columbia Park Boys' Club. The organization, with a band of thirty-six pieces, arrived in Washington yesterday afternoon. The boys are at the Y. M. C. A. building as guests of that association.

Major Peixotto, who has charge of the boys, said this morning that he is particularly pleased with the reception tendered them on their recent trip.

The band, which is composed of boys from twelve to twenty years of age, left San Francisco the latter part of May. Seven thousand dollars was borrowed for the purpose.

The Santa Fe Railroad Company, realizing the accomplishments of the members of the corps as musicians, and desiring to aid the organization, gave free passage from San Francisco to Chicago, including meals and hotels. The only demand upon the players was a concert at certain cities where there was a large number of employees of the railroad.

In these cities theaters were obtained by the railroad and free concerts were given for the entertainment of the employees. Major Peixotto said that the railroad officials took this opportunity to educate their workmen, believing the concerts to be of an educational value.

Makes Tour With Circus. Following the successful trip to Chicago, the band next joined the Welsh Bros' circus and toured several Western cities. The proceeds of this trip put the band on a sound basis, and from thence on little difficulty was had in obtaining engagements. Returning to Chicago at the conclusion of the circus, the band was engaged by the Welsh Bros. for five weeks. In New York, the next point visited by the scouts, a six-week tour was had at vaudeville theaters.

While in Philadelphia a considerable sum was made by exhibitions made for the Lubin's Moving Picture Company. In this manner the boys were enabled to show their versatility, for besides being trained musicians, they are trained athletes. The next point was Atlantic City, where they remained for ten weeks, playing on the Million Dollar Pier.

During this time, according to Major Peixotto, money sufficient to pay the \$7,000 and yet leave a goodly sum in the treasury was made. "If the system adopted at the success of the organization while on its Eastern trip," said Major Peixotto, "we, of course, expect great things in the West, where we are known, but I do not believe that but few of the persons in this part of the world ever heard of our band."

Give Concert This Evening. The concert this evening at the White House ellipse at 7 o'clock is the only one to be given by the organization during its stay in Washington. Major Peixotto said that the concert was given complimentary to President Taft, and that for this reason there would be no pay concert. While hundreds of Washingtonians are expected to visit the ellipse this evening to hear the boy band, which has entertained the first of Atlantic City and citizens of the large cities.

This morning at 10 o'clock the corps left for Mt. Vernon on the Charles Macalester. They returned at 2:30 o'clock. Tomorrow morning they leave for a two-day visit to Hagerstown, Md., where the Pittsburgh Athletic Club, after which the organization will go direct home.

"Ancient" Wright Flyer Goes to the Museum. The Wright aeroplane of the vintage of 1909, in which the Wright brothers made their first startling flights, and which has since been doing hard duty in Signal Corps work for the War Department, will soon have a permanent resting place in the old National Museum. It was donated by the War Department and will be placed in "aviation hall" as soon as it receives a few necessary repairs at the Wright factory in Dayton, Ohio, where it now is.

The 1909 aeroplane in which the Wrights flew is probably the most noted in the world. It is the aeroplane in which Wilbur and Orville made their celebrated flights at Fort Myer. With it they won the \$25,000 prize offered by the Government for a successful passenger-carrying flight from Fort Myer to Alexandria and return. An accident to the machine during its trials caused the death of Lieutenant Selfridge and the serious injury of Orville Wright.

The machine was used at College Park by the Wrights in instructing army officers in flying, and later it was taken to San Antonio, Tex., where it has been used by the army. Its type is now considered almost obsolete.

Paroled Man Captured On New Theft Charge. Paroled by Justice Wright several months ago, when convicted in Criminal Court of the theft of a pair of diamond earrings, Edwin M. Davidson, of Rosslyn, Va., was arrested again today on a charge of grand larceny by Detectives Weedon and Burlingame. It is alleged that Davidson stole a \$125 gold cigarette case and \$50 stockpin from the home of Dr. William B. Mason, 216 R Street northwest, where he was working. The detectives say they recovered the articles from the prisoner's home near Rosslyn.

Davidson is a carpenter and thirty-seven years of age. This is the third time he has fallen into the hands of the police in the last few years.

Postmasters Confer Over Savings Banks. Preparatory to instituting postal savings banks in the big cities August 1, Postmaster General Hitchcock held a conference today with Postmasters Edward C. Mansfield, of Boston; Daniel A. Campbell, of Chicago; Edward M. Morgan, of New York; and Thomas J. Atkins, of St. Louis.

Washington will not be designated as a depository until the results of operations in these big cities are determined. The postmasters were summoned to receive personal instructions. The system has been in operation in second-class cities only. Until it has been given a thorough trial in the big cities of the country it will not be generally extended.

Fifty additional second class offices were designated as postal savings banks by the Postmaster General today. They are scattered throughout the United States, Delaware receiving one, Ohio four, and Pennsylvania three.

## Aged Walker Pushed 'Cart Ninety Miles

HAGERSTOWN, Md., July 26.—A. J. Koonits, of this city, who is over seventy years old, has finished a trip of ninety miles on foot pushing a cart weighing 200 pounds.

The trip was made over rough roads to Waynesboro, Gettysburg, Union Mills, and Westminster and return. Mr. Koonits started on his trip on July 3 and completed his journey a few days ago.

Despite his age and the hardships he encountered, he is in good physical condition.

Automobile Destroyed By Fire Caused by Leak

A \$3,500 automobile belonging to C. Cassard Schrott, of 535 G Street northwest, was destroyed by fire this morning at the intersection of Pennsylvania avenue and Bowen road southeast. The fire was caused by a leaky gasoline tank. No. 15 Engine Company responded to the alarm. Mr. Schrott says his loss is covered by insurance.

At a meeting of the organization last night, Q. R. Finch was re-elected president of the local board. With other officers President Finch was installed by H. M. McGillett, vice president of the national board.

A number of Washington Moose will attend the annual convention of the order to be held at St. Thomas, Canada, August 21 to 24.

## Washington Moose Off For Annual Outing

When the steamer Charles Macalester was released from its moorings at the Seventh street wharf this morning there were aboard more than 200 Moose—not of the four-legged variety—but a laughing, rollicking, jolly band of blods who gathered on the weather deck to enjoy the annual outing of Herd No. 4, Social Order of Moose, to historic Marshall Hall. All the Moose in Washington who could get away, were there to swell the crowd.

A program which included everything from a ping pong tournament to a baseball game was planned by the committee on arrangements and a great time was assured the members. Most of them will remain at Marshall Hall until tonight.

At a meeting of the organization last night, Q. R. Finch was re-elected president of the local board. With other officers President Finch was installed by H. M. McGillett, vice president of the national board.

A number of Washington Moose will attend the annual convention of the order to be held at St. Thomas, Canada, August 21 to 24.

## Welshmen on Their Way to Old Homes

NEW YORK, July 26.—Little parties of Welshmen, nearly all of them accompanied by their wives and families, have been dropping into the city the past few days from points throughout the United States and Canada.

They are rounding up here preparatory to starting on a pilgrimage to their native Wales. More than 30 have booked passage on the Cunard liner Caronia, which will sail for Liverpool Friday. Some of those who are going back have not been in Wales for forty years.

Governor's Daughter Weds French Official

OLEAN, N. Y., July 26.—In St. Stephen's Church here at noon today Miss Josephine Higgins, daughter of the late Gov. Frank W. Higgins, was married to M. Emil Lucan Hovologue, of Paris. The couple became acquainted during one of Miss Higgins' frequent sojourns abroad. M. Hovologue holds the important post of inspector general of public instruction of France.

## Says Her Husband Has An Affinity; Starts Suit

Declaring that her husband has an "affinity" with whom he is living, Mrs. Elizabeth V. Taylor, this morning filed suit in the District Supreme Court for accurate maintenance against Albert A. Taylor, proprietor of the American Barber Supply Company, 108 E Street northwest.

Justice Wright issued a warrant for Taylor's arrest, to prevent his leaving the District until he gives bond to answer. He also is ordered to answer by August 2 a plea to show cause why his wife should not receive temporary alimony. Taylor is fifty-seven years of age and has two grown children.

Marital troubles of the Taylor family have filled pages of the court records of Maryland, including judgments for \$10,000 and \$4,000 by Mrs. Taylor against her husband's alleged "affinity" for alleged alienation of his affections. One judgment for \$10,000 was reversed and another was obtained by Mrs. Taylor for \$4,000.

That Taylor "became enamoured and dominated by the evil influence" of the alleged "affinity" is charged by Mrs. Taylor.

## Lincoln and Fine Arts Commissions to Meet

A joint meeting of the Lincoln Memorial and the Fine Arts commission probably will be held soon to select a site for the Lincoln Memorial. The meeting will be held as soon as the members of the Fine Arts Commission can gather in Washington.

The selection of Potomac Park as a site for the memorial will be adopted by the Lincoln Memorial Commission, as was recommended by the Fine Arts Commission. Before that is done, however, the members of the Lincoln commission will make further inspection of the sites offered.

Carnegie Pays for Aldermen's Travel

PITTSBURGH, July 26.—Andrew Carnegie sent five former members of councils \$1,000 each to pay their expenses across the ocean to make a week's visit to Sir George Curzon. The men formerly were trustees of the Carnegie Library here.

## Farmers in Session In Both Carolinas

COLUMBIA, S. C., July 26.—The South Carolina division of the National Farmers' Union began its annual convention here today, and at Salisbury, N. C., the North Carolina Farmers' Union began its annual session. Both are largely attended. They will continue two days.

Closer co-operation, the extension of the warehouse movement, and other matters of mutual interest will be considered.

Esperantists Take Trip Down the Potomac

About forty Esperantists, members of the Kristena Grupo Esperantista, the Internacia Klubo, and the Washington High School Esperanto Club and their friends, took the forty-mile trip down the Potomac to Indian Head and return on Monday evening. Esperanto was spoken throughout the evening.

The next meeting of the Kristena Grupo Esperantista will be on Monday evening, July 31, at 8 p. m., at the headquarters of the group, 211 A Street southeast.
